Techical Details

EAN/GTIN	4010303052435
Country of origin	Germany
Region	Baden-Württemberg
Customs tariff number	82119200 08
Length	260 mm
Blade length	130 mm
Weight	0.105 kg

Technical drawing

- Blade made of high quality chrome molybdenum steel
- Polished
- Curved shape
- Soft shell, hard core for secure hold
- Easy on the wrists
- Strong blade

Material properties

stiff

Blade

Highly polished

Blade made from high grade chrome molybdenum steel, hardened in vacuum process to 56 - 57 Rockwell hardness grade.
Highly polished surface for highest possible rust resistance and durability of the cutting edge. Honing by hand for perfect sharpness.

Curved shape

Curved and narrow blade for work that is ergonomic and gentle on the wrist. The blade shape, above all, facilitates the drawing cut.

Strong blade

Handle

PrimeLine 11

The open shape of the handle towards the back enables the user to switch quickly and safely during all disassembly work.
Soft handle material protects the joints and enhances secure grip. As a result, the work productivity of employees is improved.

Knives with a plastic handle

The plastic handle is suitable for contact with food and complies with the requirements of the following legal regulations (each including all amendments and in the current version at the time of making this declaration):
Regulation (EC) No. 1935/2004 on materials and objects (including active and intelligent food contact materials and objects), intended for coming into contact with food and repealing Directives 80/590/EWG and 89/109/EWG – in their currently valid version.
Regulation (EU) No. 10/2011 dated 14.01.2011 on materials and objects made from plastic intended for coming into contact with food.

All handles except wood

The knives are dishwasher proof. However, we recommend manual cleaning to protect the cutting edge.
