Conditioning Shampoo

Evolution

The Evolution range of 400ml Floating dispensers by Accom Assist, are cutting-edge solution designed for modern accommodation requirements.

These dispensers are crafted with 50% GRS Certified Recycled Post Consumer Polyethylene, showcasing our commitment to sustainability and environmental responsibility.

Our Evolution products are formulated without aggresive chemicals such as parabens, and silicones, ensuring gentle, effective care for your guests. The new quick change lockable bracket enhances the Evolution range with superior strength, durability, and a sleek, contemporary design.

The Evolution range seamlessly blends luxury with eco-consciousness, offering a responsible and high-quality hospitality experience.

Ideal for accommodation businesses that prioritize guest satisfaction and environmental stewardship, the Evolution range is the perfect choice for eco-conscious establishments seeking to make a positive impact while maintaining high standards of comfort and care. This system represents a large saving over conventional small pack systems
